

Motion: Social Services Subcommittee Chairs

I move the following: Reduce the General Fund amount on the building block list as found on the “Building Block Prioritized List State Funds – Chair Proposal” dated 2/8/2016 7:25 AM as follows:

Item #39 – Make the Weber Behavioral Health Pilot Ongoing – reduce General Fund request by \$500,000 from \$720,400 ongoing down to \$220,400 ongoing per the requestor.

Explanation: Weber Behavioral Health indicated to the Social Services Appropriations Subcommittee on February 9, 2016 that it was only requesting \$220,400 ongoing General Fund because the remainder of the original request of \$720,400 would be funded with matching federal Medicaid funding.
